GET TO KNOW US

Founded in 2013, Golden Well has established itself as a leading provider in industrial safety and spill solutions. Our commitment to ensuring safe and efficient workplaces drives our selection of top-quality Spill absorbents, spill kits, safety storage cabinets, spill containment, bins, carts and PPE. With a keen focus on the needs of the industrial sector, Golden Well offers customized solutions designed to meet the unique challenges of our clients

VISION

Our vision at Golden Well is to be recognized as the foremost authority in industrial safety solutions, known for our unparalleled quality products and prompt service.

CORE VALUES

Golden Well is built on a foundation of respect and integrity. We value every human being, embracing respect and tolerance as the cornerstones of our operations. Our team is dedicated to ethical practices, striving for excellence in every aspect of our work. We encourage innovation, empower our employees, and blend corporate responsibility with entrepreneurial spirit.

QUALITY POLICY

At Golden Well, we are more than a supplier; we are your trusted partner in building a safer industrial environment."

Committed to excellence, Golden Well ensures

Delivery of quality products on time to achieve customer satisfaction

Building win-win relationships with our business partners

Providing essential technical service to our customers

Complying with relevant statutory and regulatory requirements

Continually improving our quality management system by setting and reviewing quality objectives.

WHY US

GOLDEN WELL TRADING EST. has established itself as one of the go-to suppliers for Safety materials. Our clients appreciate and trust us for our high quality product offering, competitive prices, and immediate availability of a wide range of products. We pride ourselves in providing second to none customer service and sales support ensuring that we execute the right orders at the right place and at the right time.

PRICE

Products priced very competitively.
Will beat any competitor's price

QUALITY

Highest quality products
from reputable international companies

STOCK AVAILABILITY

As an importer we have a wide range of
products in stock ready for immediate delivery

INTERNATIONAL STANDARD COMPLIANCE

Certified products by reputable
Companies

BRANDS WHICH WE SERVE

SPILL ABSORBENTS

Industry colour coding for absorbents

Absorbents are one of the most effective and efficient ways of containing and recovering spilt liquids. Having the correct type of absorbents on site will allow you to manage any potential workplace spillage. To ensure that you chose the correct type of absorbent, below is a simple guide to the colour coding of absorbents.

NAME	COLOR	LIQUIDS	APPLICATION
OIL & FUEL	White 	All hydrocarbons including: fuel oil, diesel petrol, lubricating and cutting oil	Suitable for dealing with everyday leaks drips and overspray from machinery conveyors, valves and also dealing with outdoor spills on land or water
CHEMICAL/HAZMAT	Yellow 	Almost all liquids including: Acids, alkalies hydrocarbons, coolants cutting fluids and water	Locations that use or store chemicals such as laboratories, drips and overspray from dip tanks etc.
UNIVERSAL/MAINTENANCE	Gray 	Oils, coolants, cutting fluid mild solvents, water	Suitable for dealing with everyday leaks drips and overspray from machinery conveyors, valves

ABSORBENT GRANULES

GRAN-SORB® INDUSTRIAL ABSORBENT

General Properties of Gran-sorb Industrial Absorbent

Bulk density	32-36 lbs./cft
Moisture control	< 4.0%
pH	7.0 to 7.5 – Gran-sorb is pH neutral
Resistance to attrition	> 99.0% - Dust Free
Absorbency	1:1 weight to weight ratio; 30 lbs. of Gran-sorb will absorb 30 lbs. of oil
Composition & regulatory definition	Made from 100% post-consumer waste deinked and recycled paper fibers. Defined as “paper” by US EPA
Product Packaging	Packaged in sturdy 30 lb. poly bags & in one-ton super sacks

Overview

- Clean - Dust Free, absorbs on contact, leaves no stains, easy to incinerate and wind resistant
- Safe - Contains no hazardous materials, fire resistant, safe for virtually all types of spills
- Effective - Soaks up spills fast, no leaching, non-scouring, anti-static and safe for use in food plant
- Highly absorbent - absorbs its own weight (1:1 weight to weight ratio) absorbs better than clay and other absorbents.
- Environmentally responsible - made from 100% post consumer waste, biodegradable, contains no hazardous materials and keeps thousands of tons of solid waste out of landfills annually
- Readily available - packaged in 30 lb. poly bags and also for overseas shipment, available through a worldwide network of established distributors
- OMRI listed

EMERGENCY RESPONSE SPILL KITS

Keeping you safe from unexpected spills

Accidents happen, so it’s better to be prepared. Goldenwell offers a complete selection of spill kits in a variety of types and sizes to equip you with everything you need to clean-up spills when they occur. Quickly and easily clean-up oils, solvents, coolants and other fluids. They are ideal for fast response to critical accidents.

OIL & FUEL SPILL KITS

Available sizes

SpillTech USA

5 Gal, 10 Gal, 20 Gal, 30 Gal, 65 Gal, 95 Gal, 174 Gal and 290 Gal

JetSpill INDIA

SPILL KITS REFILL

Contents-only Refill. Conveniently packaged to easily restock your Spill Kit. Includes a variety of absorbents to handle nearly any type of oil, caustic, hazardous or unknown spill.

Available type sizes

- **Oil & fuel refill**
60 Ltr, 80 Ltr, 120 Ltr, 240 Ltr, 360 Ltr, 660 Ltr and 1100 Ltr
- **Chemical / Hazmat refill**
60 Ltr, 80 Ltr, 120 Ltr, 240 Ltr, 360 Ltr, 660 Ltr and 1100 Ltr
- **Universal / maintenance refill**
60 Ltr, 80 Ltr, 120 Ltr, 240 Ltr, 360 Ltr, 660 Ltr and 1100 Ltr

OVER PACK SPILL KITS

Overpack salvage drum is applicable to temporary storage and transportation of hazardous wastes (such as flammable, corrosive and toxic substances), and widely applied in secondary packaging, transportation, transfer and spill handling, etc. It is manufactured by one-time rotational molding and can realize 100% spill protection. It also has good toughness. Polyethylene is resistant to UV

Available type and sizes

- **Oil Selective**
5 Gal, 20 Gal, 30 Gal, 65 Gal and 95 Gal
- **Hazmat**
5 Gal, 20 Gal, 30 Gal, 65 Gal and 95 Gal
- **Universal**

SAFETY CABINETS

Fires instantly destroy everything you have ruthlessly, causing major casualties, property damage and other consequences. What helps to prevent and control fire hazards? Safe storage is a simple measure for avoiding risks. Chemicals classification and grading management is important. SYSBEL provides quality Flammable Liquid Safety Cabinets, which will help you to store hazardous chemicals safely and reduce fire risks.

TYPES OF CHEMICAL SAFETY CABINETS

In storing chemicals, colors and labels are generally used to identify different chemicals, so if fires occur, it is easy for firemen to identify hazardous chemicals.

					
Flammable Cabinets Yellow Safety Cabinet for storing flammable liquids (low and median flash point liquid), flash point ≥ 37.8	Combustible Cabinets Red Safety Cabinet for storing paintings, oil and other flammable liquids (high flash point liquid, flash point ≥ 37.8)	Corrosive Cabinets Blue Safety Cabinet for storing corrosive liquids	Toxic Cabinets White Safety Cabinet for storing toxic chemicals	Pesticides Cabinets Green Safety Cabinet for storing insecticides, pesticides, disinfectors and other chemicals	Polyethylene Corrosive Cabinets Polyethylene Corrosive Cabinet for storing strong polyethylene or corrosive chemicals
					

FLAMMABLE CABINETS

SYSBEL Flammable cabinets for storing flammable liquids (low and median flash point $< 37.8^{\circ}\text{C}$), Reduce the risk of fire, to ensure the safety of life and property.
